

Dear Professor Doctor Eduardo Lattari,

It is my pleasure to accept the collaboration to act as co-supervisor of the project entitled “Effects of transcranial direct current stimulation on isometric strength resistance and electromyographic activity of the vastus lateralis in a healthy male,” which will be conducted by Doctor José Eduardo Lattari Rayol Prati (supervisor) and by student Geanny Zanirate Flor, from 08/01/2023 to 07/31/2024.

Looking forward to advance in our international cooperation.

All the best,

Prof. Dr. Gonzalo Márquez
